Respected Sir,

With reference to the above said letter received & acknowledged by you on 18-02-2020 from Mrs. Harshala Tondwalkar(copy of the same with annexures is attached for your ready reference). We are writing this letter on behalf of the distressed account holder of the Punjab Maharashtra Co-operative Bank Ltd. who is undergoing critical medical hardships/mental agony since the imposition of directions u/s 35A of BR Act, 1949 on the Bank.

As you are already aware that about 30 innocent depositors have already succumbed to the stress/ strain/ medical issues resultant to the PMCB crisis for no fault of theirs. To remind you, the recent death of 1 depositor on 09-05-2020 on account of medical issues coupled with the delay in release of funds prompts us again to write this communiqué to you requesting you to initiate necessary steps to relieve the mental and physical agony of the above referred accountholder suffering from serious critical Kidney ailments & survival issues. Please understand the regular medical need & the costs involved in monthly dialysis & medication around 50,000/- per month without which the patient cannot even survive.

We reiterate our contentions raised in our above referred communications and without prejudice to our earlier contentions for release of the complete requirements for medical expenses, we appreciate the issuance of directions to all urban cooperative banks by RBI on 30.04.2020 enhancing the withdrawal limits for critical life threatening ailments to Rs. 5 lakhs in case of all depositors of all UCB's under directions u/s 35A of Banking Regulation Act, 1949.
